Ref. No. : ENKA-Bau / 8443
To : A&S LTD
Attn. : To Whom It May Concern
Subject : Letter of Reference

A&S LTD has carried out the dry-docking repair works of the biggest ship of our fleet in Company's shipyard at Baku in extremely short time frame. The Company is staffed by skilled engineering and specialists in field of ship repair and shipbuilding.

A&S LTD is one of the companies in Azerbaijan sector of Caspian Sea which is able to render services at professional level in the field of repairing and modification of vessels. The Company's Management is able to organize the works efficiently to perform orders in time and workmanlike manner, it maintains good relations with other ship repair companies of Azerbaijan Republic, local suppliers and other concerning instances and this is very important factor in timely solving of difficult problems while working out engineering and technical tasks, supplying equipment and performing subcontracted works.

We are interested in development of the base and expansion of services rendered by the named Company in the field of ship repair and shipbuilding at the territory of Republic of Azerbaijan and would recommend it to other shipping companies as a reliable partner.
