

## To Whom It May Concern

I am writing to recommend the services of the A&S Company.

We, Topaz Marine Azerbaijan, have been using A&S to carry out dry docking of our vessels and troubleshooting/repairing/overhauling/maintenance of the different machinery, equipment that installed on the Topaz ships.

Also A&S Company was very helpful to carry out steel/pipe works including hydraulic pipes as well.

They do an excellent job, are always punctual, and offer the most competitive rates in the Baku.

We have also hired them on occasion for extra jobs that have been very reasonably priced, and have done exactly what we've asked of them.

I'm happy to recommend the services of A&S Company.

If you have any questions, feel free to contact me.

Konstantin Zavodskov.  
Engineering Superintendent

Topaz Marine Azerbaijan
